PHARMACOLOGY BIOCHEMISTRY & BEHAVIOR

VOLUME 21 NUMBER 1 JULY 1984

CONTENTS

Discriminative stimulus properties of *S*(−)- and *R*(+)-cathinone, (+)-cathine and several structural modifications.
GLENNON, R. A., M. D. SCHECHTER and J. A. ROSECRANS 1

Dissociation of prey killing and prey eating by naloxone in the rat.
WALSH, M. L., R. WHITE and D. J. ALBERT 5

Noradrenergic influences on blocking: Interactions with development.
CAZA, P. A. 9

Optimal training parameters in the two-bar fixed-ratio drug discrimination task.
OVERTON, D. A. and M. W. HAYES 19

Formation of 6-hydroxydopamine in caudate nucleus of the rat brain after a single large dose of methylamphetamine.
SEIDEN, L. S. and G. VOSMER 29

Food intake: Opioid/purine interactions.
WAGER-SRDAR, S., A. S. LEVINE and J. E. MORLEY 33

Chlordiazepoxide-induced potentiation of hexobarbitone sleeping time is reduced by $ACTH_{(1-24)}$.
VELLUCCI, S. V. 39

A possible mechanism for diisopropylfluorophosphate-induced memory loss in rats.
GARDNER, R., R. RAY, J. FRANKENHEIM, K. WALLACE, M. LOSS and R. ROBICHAUD 43

Effects of a kappa receptor agonist, ethylketocyclazocine, on water consumption in water-deprived and nondeprived rats in diurnal and nocturnal tests.
TURKISH, S. and S. J. COOPER 47

Immobilization of rats modifies the response of striatal neurons to dexamphetamine.
WARENYCIA, M. W. and G. M. McKENZIE 53

Pharmacological potency of R- and S-3′-hydroxy-Δ^9-tetrahydrocannabinol: Additional structural requirement for cannabinoid activity.
MARTIN, B. R., M. J. KALLMAN, G. F. KAEMPF, L. S. HARRIS, W. L. DEWEY and R. K. RAZDAN 61

Verbal responding under a fixed-interval schedule: Effects of d-amphetamine.
STITZER, M. L. 67

Opposite locomotor asymmetries elicited from the medial and lateral SN by modulation of SN DA receptors.
VACCARINO, F. J. and K. B. J. FRANKLIN 73

Contents continued

Reductions in pain thresholds and morphine analgesia following intracerebroventricular parachlorophenylalanine.
BODNAR, R. J., J. H. KORDOWER, A. RECHES, M. M. WALLACE and S. FAHN 79

The effect of apomorphine on the open-field behavior of rats: Alone and in pairs.
CHOW, H. L. and C. H. M. BECK 85

Self-injurious behavior in rats produced by intranigral microinjection of GABA agonists.
BAUMEISTER, A. A. and G. D. FRYE 89

Atypical neuroleptics clozapine and thioridazine enhance amphetamine-induced stereotypy.
ROBERTSON, A. and C. MacDONALD 97

Prenatal exposure to morphine in mice: Enhanced responsiveness to morphine and stress.
CASTELLANO, C. and M. AMMASSARI-TEULE 103

Effects of selective central muscarinic blockade on schedule-controlled behavior and on the rate-decreasing effects of physostigmine.
HYMOWITZ, N. and H. E. BREZENOFF 109

Recovery by push-pull perfusion of neurochemicals released within the cuneate nucleus of the cat by somatosensory stimulation.
GOLDFINGER, M. D., C. W. SIMPSON and G. E. RESCH 117

Adrenal and urinary catecholamines during and after severe ethanol intoxication in rats: A profile of changes.
ADAMS, M. A. and M. HIRST 125

The up-and-down method for the determination of nociceptive thresholds in rats.
CROCKER, A. D. and R. W. RUSSELL 133

Anticonvulsant actions of fominoben: Possible involvement of benzodiazepine receptors.
BALDINO, F., JR., B. KRESPAN and H. M. GELLER 137

Comparison of the CNS effects induced by TRH and bicuculline after microinjection into medial septum, substantia nigra and inferior colliculus: Absence of support for a GABA antagonist action for TRH.
BREESE, G. R., G. D. FRYE, T. J. McCOWN and R. A. MUELLER 145

Differential interactions of GABA agonists, depressant and convulsant drugs with [^{35}S]-t-butylbicyclophosphorothionate binding sites in cortex and cerebellum.
TICKU, M. K. and R. RAMANJANEYULU 151

Genetic effects on PCP-induced stimulation in recombinant inbred strains of mice.
FREED, W. J., S. CRUMP and D. V. JESTE 159

BRIEF COMMUNICATIONS

Asymmetrical locomotor response to unilateral cortical injections of DSP-4.
KUBOS, K. L., T. H. MORAN, K. M. SAAD and R. G. ROBINSON 163

Memory retention test performance in mice: Improvement by chronic oral cholinergic drug treatment.
FLOOD, J. F., G. E. SMITH and A. CHERKIN 169

ANNOUNCEMENTS 175

PHARMACOLOGY BIOCHEMISTRY & BEHAVIOR

VOLUME 21 NUMBER 2 AUGUST 1984

CONTENTS

Stimulation of beta-adrenergic receptors and spontaneous motor activity in mice.
GOLDSCHMIDT, P. L., H. FRANCES and P. SIMON 177

Inhibition of isolation-induced changes in aminergic transmission by chronic lithium treatment.
OEHLER, J., M. JÄHKEL and J. SCHMIDT 181

Evidence for a direct dopaminergic effect of lisuride.
SCHECHTER, M. D. 185

Effect of d-amphetamine and diazepam on the greeting behavior of rhesus monkeys *(Macaca mulatta)*.
THIERRY, B. H., C. L. MILHAUD and M. J. KLEIN 191

Neurotensin and bombesin, a relationship between their effects on body temperature and locomotor activity?
VAN WIMERSMA GREIDANUS, TJ. B., J. A. SCHIJFF, J. L. NOTEBOOM, M. C. SPIT, L. BRUINS, M. VAN ZUMMEREN and G. J. E. RINKEL 197

Taste differences between cigarette smokers and nonsmokers.
REDINGTON, K. 203

Habituation of exploratory activity in mice: Effects of combinations of piracetam and choline on memory processes.
PLATEL, A., M. JALFRE, C. PAWELEC, S. ROUX and R. D. PORSOLT 209

Behavioral effects of morphine, levorphanol, dextrorphan and naloxone in the frog *Rana pipiens*.
PEZALLA, P. D. and C. W. STEVENS 213

Indomethacin potentiates the operant behavior suppressant and rectal temperature lowering effects of low doses of d-amphetamine in rats.
NIELSEN, J. A. and S. B. SPARBER 219

Effects of chronic administration of antidepressants on mouse-killing behavior (muricide) in olfactory bulbectomized rats.
SHIBATA, S., H. NAKANISHI, S. WATANABE and S. UEKI 225

Behavioral effects of oral versus intravenous administration of diazepam.
GHONEIM, M. M., S. P. MEWALDT and J. V. HINRICHS 231

Systematic comparison of apomorphine-induced behavioral changes in two mouse strains with inherited differences in brain dopamine receptors.
SEALE, T. W., K. McLANAHAN, P. JOHNSON, J. M. CARNEY and O. M. RENNERT 237

Normal pancreatic and intestinal enzymes in hypophagic growth-retarded rats that received dorsomedial hypothalamic lesions shortly after weaning.
BERNARDIS, L. L., P. C. LEE, S. BROOKS and E. LEBENTHAL 245

Contents continued

A simplified procedure for producing ethanol self-selection in rats.
STEWART, R. B. and L. A. GRUPP 255

Endorphinergic modulation of neural reward systems indicated by behavioral changes.
DUM, J. and A. HERZ 259

Anti-muricide mechanisms of chlorpromazine and imipramine in OB rats: Adrenoceptors and hypothalamic functions.
HARA, C., S. WATANABE and S. UEKI 267

Behavioral and neurochemical effects of intraventricular AF64A administration in rats.
JARRARD, L. E., G. J. KANT, J. L. MEYERHOFF and A. LEVY 273

Behavioral effects of intracerebroventricular administration of LSD, DOM, mescaline or lisuride.
MOKLER, D. J. and R. H. RECH 281

Attempted antagonism of adenosine analogue induced depression of respiration.
MUELLER, R. A., E. WIDERLÖV and G. R. BREESE 289

Muscarinic and nicotinic effects of yawning and tongue protruding in the rat.
USHIJIMA, I., K. YAMADA, T. INOUE, T. TOKUNAGA, T. FURUKAWA and Y. NODA 297

Dopamine autoreceptor mediation of the effects of apomorphine on serotonin neurons.
LEE, E. H. Y. and M. A. GEYER 301

Disappearance of the decrease in biting behavior induced by clenbuterol, a beta-adrenergic agonist, after chronic administration.
FRANCES, H., S. DANTI, A.-J. PUECH and P. SIMON 313

Metronidazole influences the development of neural tolerance to ethanol.
GIKNIS, M. L. A. and I. DAMJANOV 317

BRIEF COMMUNICATION

Differential effects of d-amphetamine and scopolamine on the ontogeny of rearing.
BAUER, R. H. 321

ANNOUNCEMENTS 325

PHARMACOLOGY BIOCHEMISTRY & BEHAVIOR

VOLUME 21 NUMBER 3 SEPTEMBER 1984

CONTENTS

Mental rehearsal of a task under ethanol facilitates tolerance.
VOGEL-SPROTT, M., E. RAWANA and R. WEBSTER 329

Naloxone alters the effects of LSD, DOM and quipazine on operant behavior of rats.
MOKLER, D. J., R. L. COMMISSARIS, J. W. HENCK and R. H. RECH 333

Changes in brain monoamine levels of rats during cholecystokinin octapeptide-induced suppression of feeding.
KÁDÁR, T., M. VÁRSZEGI, S. K. SUDAKOV, B. PENKE and G. TELEGDY 339

Drugs affecting brain dopamine interfere with the effect of Z-prolyl-D-leucine on morphine withdrawal.
KOVÁCS, G. L., G. TELEGDY and K. HÓDI 345

Changes in neurotransmitter amino acids and protein in CNS areas of mice subjected to differential housing conditions.
CORDOBA, F., B. YUSTA and J. MUÑOZ-BLANCO 349

Ethyl alcohol on escape from electrical periaqueductal gray stimulation in rats.
BOVIER, Ph., C. L. BROEKKAMP and K. G. LLOYD 353

A comparative study of the behavioral effects of the locus coeruleus and the dorsal noradrenergic bundle lesions in the rat.
VERLEYE, M. and F. BERNET 357

Comparative effects of prolyl-leucyl-glycinamide and naloxone on morphine-induced inhibition of gastrointestinal transit.
PILLAI, N. P. and H. N. BHARGAVA 365

Locomotor activity and opiate effects in male and female hamsters.
SCHNUR, P. and P. BARELA 369

Antagonism of the behavioral effects of L-phenylisopropyladenosine (L-PIA) by caffeine and its metabolites.
LOGAN, L. and J. M. CARNEY 375

Antagonism by CGS 8216 and Ro 15-1788, benzodiazepine antagonists, of the action of chlordiazepoxide on timing behavior in rats.
NAKAMURA, M. and J. M. CARNEY 381

Changes in alcohol intake resulting from prior experiences with alcohol odor in young rats.
MOLINA, J. C., J. SERWATKA and N. E. SPEAR 387

Vasopressin antagonists block peripheral as well as central vasopressin receptors.
DE WIED, D., O. GAFFORI, J. M. VAN REE and W. DE JONG 393

Contents continued

Serotonergic involvement in phencyclidine-induced behaviors.
T. NABESHIMA, K. YAMAGUCHI, M. HIRAMATSU, M. AMANO, H. FURUKAWA and T. KAMEYAMA 401

Tolerance to the depressant effects of diazepam in the drug discrimination paradigm.
HAUG, T. 409

Prenatal stress: Effect on development of rat brain adrenergic receptors.
PETERS, D. A. V. 417

Effects of ethanol and naltrexone on free-operant avoidance behavior in rats.
GALIZIO, M., S. C. SMALTZ and B. A. SPENCER 423

Incremental repeated acquisition in the rat: Acute effects of drugs.
PAULE, M. G. and D. E. McMILLAN 431

[D-Ala^2]-methionine enkephalinamide reflexively induces antinociception by activating vagal afferents.
RANDICH, .A. and W. MAIXNER 441

Chlordiazepoxide injection elevates the NaCl solution acceptance-rejection function.
FALK, J. L. and M. TANG 449

Differential effects of phenycyclidine and MDA on complex operant behavior in monkeys.
THOMPSON, D. M. and J. M. MOERSCHBAECHER 453

BRIEF COMMUNICATIONS

Neonatal-6-hydroxydopamine treatment: Model of susceptibility for self-mutilation in the Lesch-Nyhan syndrome.
BREESE, G. R., A. A. BAUMEISTER, T. J. McCOWN, S. G. EMERICK, G. D. FRYE and R. A. MUELLER 459

Apomorphine and haloperidol-induced effects on male rat sexual behavior: No evidence for actions due to stimulation of central dopamine autoreceptors.
AHLENIUS, S. and K. LARSSON 463

Enhancement of memory by a cholinesterase inhibitor associated with muscarinic receptor down-regulation.
LERER, B., H. ALTMAN and M. STANLEY 467

Effects of intrastriatal and intracortical scopolamine on behavior in rats.
CHAMBERS, L. K. and C. VANHARTESVELDT 471

ERRATUM 475

ANNOUNCEMENTS 477

PHARMACOLOGY BIOCHEMISTRY & BEHAVIOR

VOLUME 21 NUMBER 4 OCTOBER 1984

CONTENTS

Learned helplessness: Effects on brain monoamines and the pituitary-gonadal axis.
HELLHAMMER, D. H., M. A. REA, M. BELL, L. BELKIEN and M. LUDWIG 481

Effects of zometapine, a structurally novel antidepressant, in an animal model of depression.
KATZ, R. J. 487

The effect of repeated electroconvulsive shock on the function of THIP, a GABA agonist.
MINCHIN, M. C. W. and D. J. NUTT 491

Saline drinking and naloxone: Lightcycle dependent effects on social behaviour in male mice.
PATERSON, A. T. and C. VICKERS 495

Drug-induced modulation of locomotor hyperactivity induced by picrotoxin in nucleus accumbens.
MORGENSTERN, R., T. MENDE, R. GOLD, P. LEMME and W. OELSSNER 501

Opiate antagonists stereoselectively attenuate the consumption of food but not of water by pigeons.
DEVICHE, P. and A. WOHLAND 507

Dishabituating effects of an ACTH 4–9 analog in a vigilance task.
BORN, J., G. FEHM-WOLFSDORF, M. SCHIEBE, B. ROCKSTROH, H.-L. FEHM and K. H. VOIGT 513

The effects of GABA and benzodiazepine receptor antagonists on the anti-conflict actions of diazepam or ethanol.
LILJEQUIST, S. and J. A. ENGEL 521

Nicotine-induced taste aversion: Characterization and preexposure effects in rats.
IWAMOTO, E. T. and E. C. WILLIAMSON 527

The effects of quipazine and fluoxetine on extinction of a previously-reinforced operant response in rats.
BENINGER, R. J. 533

Neurohypophyseal peptides maintain tolerance to the incoordinating effects of ethanol.
HOFFMAN, P. L. and B. TABAKOFF 539

Conditioned place preference with morphine: The effect of extinction training on the reinforcing CR.
BARDO, M. T., J. S. MILLER and J. L. NEISEWANDER 545

Quantitative analysis of physostigmine-induced changes in behavior.
GONZALEZ, L. P. 551

Analgesic Effect of Opiates in offspring of opiate-treated female rats.
HOVIOUS, J. R. and M. A. PETERS 555

Contents continued

Alterations in the dopaminergic system and behaviour in rats reared on iodine-deficient diets.
OVERSTREET, D. H., A. D. CROCKER, C. A. LAWSON, G. H. McINTOSH and J. M. CROCKER 561

Circling behaviour induced by electrical stimulation of the medial forebrain bundle importance of stimulus parameters and dopaminergic processes.
VAN DER HEYDEN, J. A. M. 567

d-Amphetamine antagonizes prostaglandin E_1-induced hyperthermia and suppression of fixed interval operant behavior in rats.
NIELSEN, J. A., and S. B. SPARBER 575

A comparative study of the effects of prostaglandins and d-amphetamine on the metabolism of ^{2}H-dopamine continuously presented to rat brain *in vivo*.
NIELSEN, J. A. and S. B. SPARBER 583

Opiate receptor supersensitivity produced by chronic naloxone treatment: Dissociation of morphine-induced antinociception and conditioned taste aversion.
BARDO, M. T. , J. S. MILLER and M. E. RISNER 591

Contribution of hypothermia to effects of chloral hydrate on flash evoked potentials of hooded rats.
HETZLER, B. E. and R. S. DYER 599

Absence of reinforcement with low dose intravenous ethanol self-administration in rats.
NUMAN, R., A. M. NAPARZEWSKA and C. M. ADLER 609

Some effects of pimozide on nondeprived rats licking sucrose solutions in an anhedonia paradigm.
GRAMLING, S. E., S. C. FOWLER and K. R. COLLINS 617

Tolerance and reverse tolerance to toluene inhalation: Effects on open-field behavior.
HINMAN, D. J. 625

The effect of the beta-adrenergic receptor antagonist, propranolol, on the cerebral spread of a memory trace in mice.
FLEXNER, L. B., A. C. CHURCH, J. B. FLEXNER and T. C. RAINBOW ... 633

Comparative effects of tetrahydrocannabinol on psychostimulant-induced behaviors.
MOSS, D. E., G. F. KOOB, S. B. McMASTER and D. S. JANOWSKY 641

Effects of antipsychotic drugs on brain-stimulation detection: Preliminary observations.
WHEELING, H. S. and C. KORNETSKY 645

Differential inhibition by propranolol of feeding induced in rats by various stimuli.
BRYANT, H. U., P. V. MALVEN and G. K. W. YIM 651

Characterization of vomeronasally-mediated response-eliciting components of earthworm wash-II.
HALPERN, M., N. SCHULMAN, L. SCRIBANI and D. M. KIRSCHENBAUM 655

BRIEF COMMUNICATION

The effect of d-amphetamine on short-term memory for time in pigeons.
SPETCH, M. L. and D. TREIT 663

The effects of the β-carboline, FG 7142, on intracranial self-stimulation in the rat.
PELLOW, S., L. J. HERBERG and S. E. FILE 667

Apomorphine-induced stereotypy: Function of age and rearing environment.
CHITKARA, B., M. J. DURCAN and I. C. CAMPBELL 671

Effect of sex and castration on nicotine-induced activity responses.
CRONAN, T., R. BRYSON and E. McNAIR 675

ANNOUNCEMENTS 679

PHARMACOLOGY BIOCHEMISTRY & BEHAVIOR

VOLUME 21 NUMBER 5 NOVEMBER 1984

CONTENTS

Stress analgesia: Effects of PCPA, yohimbine, and naloxone.
GODERRE, T. J. and G. B. ROLLMAN 681

Assessment of drug state dimensionality via drug-drug training and stimulus generalization testing.
GOUVIER, W. D., F. R. AKINS and M. A. TRAPOLD 687

Repeated treatment with antidepressant drugs prevents salbutamol-induced hypoactivity in rats.
PRZEGALIŃSKI, E., L. BARAN, J. SIWANOWICZ and K. BIGAJSKA 695

Opiate withdrawal behavior after focal brain stimulation.
WILLIAMS, D. A. and B. E. THORN 699

Morphiceptin: Biphasic inhibition of μ-opiate receptor ligands.
VILLIGER, J. W. 705

Differential behavioral actions of corticotropin-releasing factor (CRF).
VELDHUIS, H. D. and D. DE WIED 707

The effects of thyrotropin releasing hormone on a visual discrimination task in rats.
ANDREWS, J. S. and A. SAHGAL 715

Effects of chlorprothixene, haloperidol, and trifluoperazine on the delayed-matching-to-sample performance of pigeons.
POLING, A., M. PICKER and J. THOMAS 721

Behavioral effects of TRH, 3-Me-His^2-TRH and naloxone in *Hemichromis bimaculatus*.
CHRIST, H. 727

Possible noradrenergic involvement in naloxone potentiation of apomorphine-induced stereotypic climbing in mice.
QUOCK, R. M., A. S. BLOOM and J. A. SADOWSKI 733

Effects of repeated methamphetamine administration on methamphetamine self-administration in rhesus monkeys.
WOOLVERTON, W. L., L. CERVO and C. E. JOHANSON 737

Interval and ratio reinforcement contingencies as determinants of methadone's effects.
THOMPSON, T., J. HONOR, S. VERCHOTA and J. CLEARY 743

Librium prevents the analgesia and shuttlebox escape deficit typically observed following inescapable shock.
DRUGAN, R. C., S. M. RYAN, T. R. MINOR and S. F. MAIER 749

Cholecystokinin-octapeptide produces inhibition of lordosis in the female rat.
MENDELSON, S. D. and B. B. GORZALKA 755

Contents continued

DSIP occurs in free form in mammalian plasma, human CSF and urine.
GRAF, M. V., A. J. KASTIN and A. J. FISCHMAN 761

Tyr-MIF-1 and MIF-1 are active in the water wheel test for antidepressant drugs.
KASTIN, A. J., D. A. ABEL, R. H. EHRENSING, D. H. COY and M. V. GRAF 767

Behavioral suppression using intracranial reward and punishment: Effects of benzodiazepines.
MORIYAMA, M., Y. ICHIMARU and Y. GOMITA 773

Effects of LY150720 (picenadol), a novel mixed-action opioid, on schedule-controlled responding in the squirrel monkey.
CARTER, R. B. and L. A. DYKSTRA 779

A homotaurine derivative reduces the voluntary intake of ethanol by rats: Are cerebral GABA receptors involved?
BOISMARE, F., M. DAOUST, N. MOORE, C. SALIGAUT, J. P. LHUINTRE, P. CHRETIEN and J. DURLACH 787

Dopamine-mediated behaviors: Characteristics of modulation by estrogen.
JOYCE, J. N., E. MONTERO and C. VAN HARTESVELDT 791

Chronic norepinephrine injection into the hypothalamic paraventricular nucleus produces hyperphagia and increased body weight in the rat.
LEIBOWITZ, S. F., P. ROOSSIN and M. ROSENN 801

BRIEF COMMUNICATIONS

Some analogs of Tyr-MIF-1 affect passive avoidance behavior but not motor activity in rats.
HAYASHI, T., A. J. FISCHMAN, A. J. KASTIN and D. H. COY 809

Potentiation of cold swim stress analgesia in rats by diazepam.
LEITNER, D. S. and D. D. KELLY 813

ANNOUNCEMENTS 817

PHARMACOLOGY BIOCHEMISTRY & BEHAVIOR

VOLUME 21 NUMBER 6 DECEMBER 1984

CONTENTS

Regulation of "peripheral-type" binding sites for benzodiazepines in the pineal gland.
WEISSMAN, B. A., P. SKOLNICK and D. C. KLEIN 821

The role of the GABA mechanisms of the globus pallidus in mediating catalepsy, stereotypy and locomotor activity.
OSSOWSKA, K., K. WĘDZONY and S. WOLFARTH 825

Comparative studies with somatostatin and cysteamine in different behavioral tests on rats.
VÉCSEI, L., C. KIRÁLY, I. BOLLÓK, A. NAGY, J. VARGA, B. PENKE and G. TELEGDY 833

Relationship of the effects of the benzodiazepine derivative clorazepate on corticosterone secretion with its behavioural actions. Antagonism by Ro 15-1788.
MORMEDE, P., R. DANTZER and A. PERIO 839

The role of GABA in the anticonflict action of sodium valproate and chlordiazepoxide.
VELLUCCI, S. V. and R. A. WEBSTER 845

Circling and bodily asymmetry induced by injection of GABA agonists and antagonists into the superior colliculus.
GEULA, C. and D. ASDOURIAN 853

Facilitatory effects of monoamine synthesis inhibitors on lysine-vasopressin induced changes in the exploratory behaviour pattern of male rats.
HÖGLUND, A. U. and B. J. MEYERSON 859

Lack of preference for flurazepam in normal volunteers.
DE WIT, H., E. H. UHLENHUTH and C. E. JOHANSON 865

Caffeine and nicotine: Differential effects on ambulation, rearing, and wheelrunning.
MELISKA, C. J. and W. H. LOKE 871

Characterization of the interaction of pentazocine and tripelennamine: Drug discrimination and mu-receptor binding assay.
SHOOK, J. E., M. J. KALLMAN, B. R. MARTIN and W. L. DEWEY 877

Effect of β-adrenergic antagonists on the spontaneous appetite for NaCl solution in rats.
FREGLY, M. J. 883

Cerebral blood flow and cerebrovascular permeability in an animal model of depression.
HUGHES, C. W., T. A. KENT, J. CAMPBELL, A. OKE, H. CROSKELL and S. H. PRESKORN 891

Structure-activity studies on amphetamine analogs using drug discrimination methodology.
GLENNON, R. A., R. YOUNG, A. E. HAUCK and J. D. McKENNEY 895

Contents continued

Determinants of puff duration in cigarette smokers II.
NEMETH-COSLETT, R. and R. R. GRIFFITHS 903

Reassessing morphine effects in cats:
I. Specific behavioral responses in intact and unilaterally brain-lesioned animals.
VILLABLANCA, J. R., C. M. HARRIS, J. W. BURGESS and I. DE ANDRES 913

Reassessing morphine effects in cats: II. Protracted effects on sleep-wakefulness and the EEG.
DE ANDRES, I., J. R. VILLABLANCA and J. W. BURGESS 923

Reassessing morphine effects in cats: III. Responses of intact, caudate nuclei-lesioned and hemispherectomized animals following chronic administration and precipitated withdrawal.
HARRIS, C. M., J. R. VILLABLANCA, J. W. BURGESS and I. DE ANDRES 929

Tyr-MIF-1 acts as an opiate antagonist in the tail-flick test.
KASTIN, A. J., E. STEPHENS, R. H. EHRENSING and A. J. FISCHMAN .. 937

A brain-to-blood carrier-mediated transport system for small, N-tyrosinated peptides.
BANKS, W. A. and A. J. KASTIN 943

A rapid filtration method for receptor binding: Characterization with mu and delta opiate receptors.
ZADINA, J. E. and A. J. KASTIN 947

A diallel analysis of nicotine-induced hypothermia.
MARKS, M. J., L. MINER, J. B. BURCH, D. W. FULKER and A. C. COLLINS 953

Effects of concomitant pentazocine and tripelennamine on brain-stimulation reward.
UNTERWALD, E. M. and C. KORNETSKY 961

Midazolam-induced increase in NaCl solution ingestion: Differential effect of the benzodiazepine antagonists Ro 15-1788 and CGS 8216.
FALK, J. L. and M. TANG 965

Evidence for peptide aggregation.
KASTIN, A. J., P. F. CASTELLANOS, A. J. FISCHMAN, J. K. PROFFITT and M. V. GRAF 969

BRIEF COMMUNICATIONS

Antagonism of morphine analgesia by prolyl-leucyl-glycinamide (MIF-1) in humans.
EHRENSING, R. H., A. J. KASTIN and G. F. MICHELL 975

Rotation and postural deviation elicited by microinjections of dopamine into medial and lateral regions of dorsal striatum.
JOYCE, J. N. and C. VAN HARTESVELDT 979

INDEX TO VOLUME 21 983

ANNOUNCEMENTS 999

PHARMACOLOGY BIOCHEMISTRY & BEHAVIOR

Alkali Metals: An Update

Supplement to *Pharmacology Biochemistry and Behavior*

CONTENTS

Introduction iii

CESIUM & CANCER

I. Clinical:

The high pH therapy for cancer tests on mice and humans.
BREWER, A. K. 1

Nutrients and cancer: An introduction to cesium therapy.
SARTORI, H. E. 7

Cesium therapy in cancer patients.
SARTORI, H. E. 11

Effects of oral intake of cesium chloride: A single case report.
NEULIEB, R. 15

II. Experimental:

Pharmacological and toxicological investigations of cesium.
PINSKY, C. and R. BOSE 17

The response of colon carcinoma in mice to cesium, zinc and vitamin A.
TUFTE, M. J., F. W. TUFTE and A. K. BREWER 25

Biochemical aspects of cesium administration in tumor-bearing mice.
MESSIHA, F. S. 27

Effect of cesium and potassium salts on survival of rats bearing Novikoff hepatoma.
MESSIHA, F. S. and D. M. STOCCO 31

Effect of cesium and ethanol on tumor bearing rats.
MESSIHA, F. S. 35

LITHIUM & RUBIDIUM

I. Clinical:

A synopsis on metals in medicine and psychiatry.
YUNG, C. Y. 41

Rubidium in psychiatry: Research implications.
MALEK-AHMADI, P. and J. A. WILLIAMS 49

Contents continued

A review of clinical trials of lithium in medicine.
YUNG, C. Y. 51

A review of clinical trials of lithium in neurology.
YUNG, C. Y. 57

Lithium adverse reactions in psychiatric patients.
PARAGAS, M. G. 65

Neuropsychiatric manifestations of alkali metal deficiency and excess.
YUNG, C. Y. 71

II. Experimental:

Concerning the relative non-toxicity of silacrown ionophores.
PANNELL, K. H., C. K. LA NEAVE, E. RICO and B. ARKLES 77

Chronotropic effect of alkali metals on spontaneously beating right atria.
ROBERTS, L. A. 81

Lithium, rubidium and cesium: Cerebral pharmacokinetics and alcohol interaction.
MESSIHA, F. S. 87

Modulation of nitrogen dioxide toxicity by lithium.
MESSIHA, F. S. and J. J. McGRATH 93

The effects of carbon monoxide on the heart: An in vitro study.
McGRATH, J. J. 99

Cardiorespiratory responses to intestinal injection of carbon monoxide.
McGRATH, J. J. and C. LEVISEUR 103

INFORMATION:

The lithium information center: An efficient information service.
BAUDHUIN, M. G., J. W. JEFFERSON and J. H. GREIST 109

Cesium: A bibliography update.
MESSIHA, F. S. 113
